

The Smartest Way to Grow Grass.

Available Exclusively from
Earthwise Environmental Inc.

A Growing Enterprise

What we do:

Since entry into the marketplace in 2005, **RapidGrass Hydroseeding** has fast become a leader in residential, commercial and industrial markets. **RapidGrass** also specializes in hydroseeding applications for oil and gas lease site restoration. To maximize value for customers, **RapidGrass Hydroseeding** provides an integrated service supplying and preparing topsoil for hydroseeding, as well as post-hydroseeding watering and fertilizing services.

Our roots:

RapidGrass Hydroseeding is part of a privately held, Alberta-based corporation founded in 2001. As a division of Earthwise Environmental Inc., **RapidGrass Hydroseeding** operates out of corporate offices in Edmonton.

The Earthwise family also includes Earthwise Contracting Ltd. For the past decade, Earthwise Contracting has built a reputation as experts in roadwork, asphalt paving and concrete construction.

All divisions of Earthwise are recognized for introducing innovative, environmentally responsible and thoughtful solutions to both residential and commercial markets.
